

Application for Review of Art Work

Thank you for your interest in the Rotating Art Exhibits at New London Hospital. We currently have 5 spaces where we feature work of local and regional artists. Exhibitions rotate every 16 weeks, beginning in September, January and May. All exhibitions are installed by the artist, in consultation with the Director of Development. The artist agrees to pledge as a donation to New London Hospital 20% of the sales price of the artwork, payable at the conclusion of the 16 week art exhibit. This is a tax-deductible donation for the artist.

If you are interested in being considered for an exhibition, please email Sarah Humphreys, Sarah.Humphreys@newlondonhospital.org with the following information.
